

Dear Business Partner:

Our band program at West-Oak is growing fast, almost too fast! We want to thank our wonderful community for the continued support as we reflect on our previous year, and look forward to the journey ahead.

As you may be aware, our band program continues year round. We are so proud to serve our community and West-Oak High School at all of our competitive events, and community showings. I can assure you that despite all of the hardships we faced last year due to COVID-19, we plan to set out this year determined to provide our students with a fantastic band experience.

We can't do this without your help. If we were to fund these programs on student fees alone, students would be paying over \$500.00 per student. In order to alleviate this burden, we are seeking corporate sponsorships.

We have several levels of sponsorships, which are included in this letter. With your donation, we can continue to build our program while helping you with your advertising needs:

- Acknowledgement on our sponsorship t-shirt that is worn at school & competitions
- Advertising space on the homepage of our official website
- Advertising space in every concert program throughout the year
- Advertising space on our band trailer that travels throughout the upstate to competitions

Please consider helping out the Bands of West-Oak and supporting the arts in our community. This activity helps our students become better musicians, but more importantly, it helps them become better people.

Thanks,

Kelley Powell
